

Cyber Incident Complexity Analysis Framework	Yes	No
Incident Name:		
Date:		

Community Lifelines: Safety and Security; Food, Hydration, Shelter; Health and Medical; Energy; Communications; Transportation; Hazardous Materials; Water Systems		
Are Community Lifelines significantly impacted?		
Life safety:		
Poses an imminent threat to the lives of U.S. Persons?		
Financial:		
Able to pay employees/contractors?		
Are there significant replacement costs for equipment?		
Should be less than \$100,000		
Should be less than \$1,000,000		
Should be less than \$10,000,000		
May be more than \$10,000,000		
Information Impacted:		
Is the information regulated? (Personal Health Information, Payment Card Information, Identifying information)		
Is there a potential to require mandatory reporting?		
Is the information related to National Security?		
Situational Awareness:		
Is this event related to a bigger event?		
Could there be national media attention?		
Media/Social Impact:		
Local media is or will be interested?		
National media is or will be interested?		
JIC will be established		
Regular public updates will be needed?		
Critical Infrastructure		
Is there a potential for downstream impacts to critical infrastructure (not to include community lifelines)?		
Political/Economic Sensitivity:		
Cost of incident mitigation will be significant?		

High potential for incident growth and or escalation of the event?		
Local municipality, City, or County declaration has been made or will be needed?		
Governor's Emergency or Disaster Declaration has been made or will be needed?		
Stafford Act Disaster Declaration has been or will be needed?		
Other:		
Forensics expertise is or will be needed?		
There is or will be a need for private/contracted resources?		
Resources/personal from outside the impacted entity are needed?		
Resources/personal from mutual aid agencies are needed?		
There are state resources at the incident or will be needed?		
There are federal resources at the incident or will be needed?		
Is there an additional current incident/event that this cyber incident could impact?		
The EOC(s) has been or will need to be activated?		
Other Issues:
